5

Do not move or mount the interactive flat panel by connecting rope or wire to its handles. Because the interactive flat panel is heavy, rope, wire or handle failure could lead to personal injury. Use only VESA® approved mounting hardware.

Flyt eller monter ikke den interaktive fladskærm ved at binde reb eller wire til håndtagene. Da den interaktive fladskærm er tung, kan der ske personskade, hvis rebet, wiren eller håndtagene svigter.  
Brug kun VESA-godkendt monteringshardware.

Bewegen oder montieren Sie das Interactive Flat Panel nicht, indem Sie ein Seil oder einen Draht an dessen Handgriffen befestigen. Da das Interactive Flat Panelschwert ist, kann ein Versagen des Seils oder ein Brechen der Griffe zu Verletzungen führen. Verwenden Sie ausschließlich von VESA genehmigte Montageelemente.

No mueva ni Monte la pantalla plana interactiva utilizando cuerdas o alambre en sus asas. Como la pantalla plana interactiva es pesada, si se rompe o daña la cuerda o el alambre, se podrían producir lesiones personales.  
Utilice únicamente herramientas de montaje aprobadas por VESA.

Älä siirrä tai kiinnitä interaktiivista laajakuvanäytöötä yhdistämällä käytä tai vajieria sen kahvoihin. Koska interaktiivinen laajakuvanäytööön painava, köyden, vajierin tai kalvan rikkoutuminen saattaa aiheuttaa henkilövahinkoja.  
Käytä vain VESA-hyväksyttyjä kiinnitysvälineitä.

Ne déplacez pas et ne fixez pas l'écran plat interactif en attachant des cordes ou des câbles à ses poignées. Étant donné le poids de l'écran plat interactif, si une corde, un câble ou une poignée lâche, vous risquez de vous blesser. Utilisez uniquement des équipements de fixation approuvés par VESA.

Non spostare o montare lo schermo piatto interattivo agganciando una corda o un cavo alle maniglie. Poiché lo schermo piatto interattivo è pesante, la rottura della corda, del cavo o della maniglia potrebbe provocare lesioni personali.  
Utilizzare solo componenti di montaggio con approvazione VESA.

Bevestig geen touw of draad aan de handvatten om het interactieve flatpanel te verplaatsen of bevestigen. Omdat het interactieve flatpanel zwaar is, kunt u door het breken van het touw of draad letsel oplopen.  
Gebruik alleen VESA-goedgekeurde apparatuur.

Du må ikke flytte eller montere det interaktive flatpanelet ved å feste et tau eller en vaier i håndtakene. Fordi det interaktive flatpanelet er tungt, kan svikt i tauet, vaieren eller håndtaket føre til personskader.  
Bruk kun VESA-godkjent monteringsutstyr.

Не перемещайте и не устанавливайте интерактивный дисплей с помощью каната или провода, прорванного в его ручки. Несоблюдение этих инструкций может привести к травмам и повреждению оборудования, поскольку интерактивный дисплей очень тяжелый. Используйте одобренное компанией VESA оборудование для монтажа.

Flytta eller montera inte den interaktiva platta skärmen genom att fästa ett rep eller ståltråd i dess handtag. Eftersom den interaktiva platta skärmen är tung, kan repet, stålstråden och handtaget lossna och leda till personskada. Använd endast VESA-godkänd monteringshårdvara.

## EUROPE

### EU Declaration of Conformity

Hereby, SMART Technologies ULC declares that the radio equipment type OPS, AM40/AM50 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: [www.smarttech.com/compliance](http://www.smarttech.com/compliance)

#### The frequency band and the maximum transmitted power in EU are listed below:

2400MHz – 2483.5MHz: 19dBm (EIRP)      5150MHz – 5350MHz: 16dBm (EIRP)      5470MHz – 5725MHz: 16dBm (EIRP)

#### Restrictions in

AT/BE/BG/CZ/DK/EE/FR/DE/IS/I/E/IT/EL/ES/CY/LV/LI/LT/LU/HU/MT/NL/NO/PL/PT/RO/SI/UK/HR. 5150MHz-5350MHz is for indoor use only.

#### Caution: Exposure to Radio Frequency Radiation

This equipment complies with EU radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20 cm between the radiator and your body.

## Federal Communication Commission interference statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

**FCC Caution:** Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

#### Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20 cm between the antenna and all persons.

**NOTE:** This product has been configured to operate according to the FCC rules in the US.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. 5.15–5.25 GHz frequency band operation is restricted to indoor use only. Outdoor operations in the 5150–5250 MHz are prohibited.

#### Innovation, Science and Economic Development Canada:

This device complies with RSS-247 of the ISED rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

#### Caution:

- (i) the device for operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems;
- (ii) the maximum antenna gain permitted for devices in the bands 5250-5350 MHz and 5470-5725 MHz shall comply with the e.i.r.p. limit; and
- (iii) the maximum antenna gain permitted for devices in the band 5725-5825 MHz shall comply with the e.i.r.p. limits specified for point-to-point and non point-to-point operation as appropriate.
- (iv) Users should also be advised that high-power radars are allocated as primary users (i.e. primary users) of the bands 5250-5850 MHz and 5650-5850 MHz and that these radars could cause interference and/or damage to LE-LAN devices.

#### Radiation Exposure Statement:

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the antenna and all persons.

#### Hardware environmental compliance

SMART Technologies supports global efforts to ensure that electronic equipment is manufactured, sold and disposed of in a safe and environmentally friendly manner.

#### Waste Electrical and Electronic Equipment and Battery regulations (WEEE and Battery Directives)

 Electrical and electronic equipment contain substances that can be harmful to the environment and to human health. The crossed-out wheelie bin symbol indicates that products should be disposed of in the appropriate recycling stream and not as regular waste.

See [smarttech.com/compliance](http://smarttech.com/compliance) for more information.

#### Batteries

The AM40/AM50 contains a CR2032 coin cell battery. Recycle or dispose of batteries properly.

#### Perchlorate material

Battery contains perchlorate material. Special handling may apply. See [dstc.ca.gov/hazardouswaste/perchlorate](http://dstc.ca.gov/hazardouswaste/perchlorate).
